Subject: NIS Sections, Weather and Climate

Dear Capt. Pettett:

In response to your letter of 6 November 1980, we are pleased to learn that the declassified NIS sections are useful to a larger group of customers. While your need for additional copies is apparent, we regret that we are unable to be of help; the record copy of each section is the only one we have left. Our only suggestion, although I realize it may not be the most desirable from your standpoint, is to duplicate them as needed on an office copy machine.

Sincerely,

Chief, Classification Review Division
Office of Information Services
Directorate of Administration
